

Charlie Brown

Data Scientist

Email: charlie.data@example.com

Summary:

Data scientist with a strong background in statistical modeling and machine learning. Focusing on computer vision and data analysis.

Experience:

Data Scientist at DataCorp (2021 - Present)

- Developed a computer vision model to detect defects in manufacturing using PyTorch.
- Analyzed large datasets using Pandas and NumPy to identify trends in customer retention.
- Created visualizations using Matplotlib and Tableau.

Data Analyst at FinTech Solutions (2019 - 2021)

- Built automated reporting pipelines.
- Wrote complex SQL queries to extract data for the finance team.

Education:

M.S. Data Science, Tech University

B.S. Mathematics, Tech University

Skills:

Python, Pandas, PyTorch, Machine Learning, Computer Vision, SQL, Tableau
